WILLIAMS SUPERIOR VULCAN PIPE AND FITTINGS TONGS

Each Flat Chain is proof-tested and is CERTIFIED;
safely for the operator is assured.

"V" Recess in the jaws assures quick and positive grip on fittings.

The ONLY Chain Tongs with REVERSIBLE pipe and fittings jaws—DOUBLE Service.

WILLIAMS' "Vulcan Superior" are the handiest Tongs made. Pipefitters will appreciate their convenience and economy.

Convenience: Since they serve BOTH pipe and fittings, two tools as commonly used (one for pipe and one for fittings) are unnecessary.

Economy: Their REVERSIBLE jaws give double life. When the teeth first in use wear, simply unscrew the bolt and turn the jaws end-for-end.

The "V" Recess in the jaws, combined with their general design, gives "Vulcan Superior" a greater number of grips or "bites," both on pipe and fittings, than ordinary tongs. One-spot wear on the teeth is prevented and ease in operation provided.

Fully guaranteed. All parts interchangeable.

*Extra Jaws supplied in pairs unless otherwise called for. If only a single jaw is wanted, specify Right or Left.

Williams' "Vulcan" Drop-Forged Chain Pipe Vises

"Vulcan Superior"
Drop-Forged
Chain Pipe Vise

"Vulcan"
Drop-Forged
Chain Pipe Vise

THE ORIGINAL
CHAIN PIPE VISE

These vises are made entirely of tough wrought steel—no castings are used. DROP-FORGED base, handle and jaws, with teeth saw-tempered for file sharpening. The chains are of the same quality as those of our "Vulcan" Tongs.

Standard finish, with orange panel in jaws.
Unbreakable, light, compact, rapid in action, positive in grip.
Fully guaranteed. Packed one in a box for shelving.

Points of Superiority

1. "Overhead" Adjustment—the handle is ON TOP where it's easy to operate.
2. Reversible Jaws—when the teeth first in use wear, remove the screws and turn the jaws over.
3. Larger Capacity—each vise takes pipe 1/2-inch larger than other chain pipe vises of similar size.

Two styles of finish: Chrome-plated and standard with orange panel in jaws.

Wholly made from tough wrought steel. Fully guaranteed.
Packed one in a box for shelving.
